PROFILE

Remote professional based in Indonesia (UTC+7) with five years of combined experience. My work covers administration and community operations and user support. Three of those years were spent contributing to Web3 communities. I help projects and teams support their Indonesian-speaking users and members. The work covers daily moderation and member questions and localized announcements. Available to start immediately.

EXPERIENCE

Web3 Community Member & Contributor

2023 to Present

- Active member and contributor in Web3 project communities on Discord and Telegram. I join community discussions and campaigns. I test project features as a regular user and share feedback. I also publish project reviews and research notes on X.

Administrative Staff

George Furniture | 2025 to 2026 | georgefurnitur.com

- Staff member responsible for the administrative work of a custom and project furniture company at georgefurnitur.com. I recorded daily transactions and reconciled them against source documents. I prepared customer invoices. I received project orders and briefed production in writing. I kept all records filed and traceable.

Head of Media & Information Division

2022 to 2023

- Leader of the media and information division of a university-level regional student association. I ran its official Instagram end to end. I handled public messages and questions. I coordinated a small team on a consistent publishing schedule.

Freelance Graphic Designer & Data Entry

2023 to Present

- Freelance services for individual clients and small businesses. Every project is handled directly from brief to delivery. I design social media graphics and marketing materials. I also enter and convert and clean data in Excel and Word documents.

WEB3 COMMUNITIES AND PROJECTS

Projects and communities where I have participated as a member and contributor during their airdrop campaigns. Sui | Tabi | Walrus | Plume | Caldera | Meteora | Grass | Stork | Tabi Chain | Inco Network | ORO AI.

SKILLS
